Bachelor of Science in Nursing (BSN) Program Pre-Requisites for College/Transfer Students

Completion of the required pre-requisite courses from any accredited college or university with a grade of C or better is needed for admission into the Nursing Program at WVU. The following courses should be completed prior to enrollment:

**Prerequisites Courses and Credit Hours Required:**

English Composition (3 cr.)
Intro. to Psychology (3 cr.)
Intro. to Nursing (2 cr.)
College Algebra (3 cr.)
Chemistry with lab (8 cr.)
General Biology with lab (4 cr.)
Anatomy and Physiology (4 cr.)
Intro. to Anthropology - SOC 105 (3 cr.)

*Statistics is in the freshman progression plan but is not a pre-requisite for admission to sophomore year. Developmental Psyc. and Nutrition are no longer prerequisites and are taken in the sophomore year.*

Students **must be** enrolled in either BIOL 102/104 OR BIOL 115 **and** either CHEM 111 OR CHEM 115 in the fall semester of the freshman year, in order to take the required spring only prerequisite courses (CHEM 112 and NBAN 107). Students who fail to take the required prerequisite courses in the freshman year will be ineligible for admission consideration until their sophomore year. Once beginning the nursing program, students must complete six semesters (fall and spring) of clinical coursework beginning with NSG 211 Health Assessment. Please see the progression plans for further information.
