Year 4	NSG 745 Clinical Immersion*	1-5				
	NSG 832 DNP Project Presentation**	1				
	Total Credits	2-6				
Total Credits = 32***						

*Total clinical immersion hrs—at least 5 credits. A total of 1,000 hours post-baccalaureate supervised clinical experience is required prior to graduation (this includes clinical hours accrued during the MSN program). WVU SON requires at least 400 hours of immersion to be completed in the DNP program (180 of those hours are credited for the DNP project).

**Total DNP project hrs—at least 6 credits. NSG 830, 831, and 832 count toward project hours; NSG 831 is the implementation course and the number of credits (minimum, 2) vary depending on the depth, breadth, and timeline of a student’s project.

***Individual progression plans to be developed based on previous course work. Total credit hours will vary based on the verification and approval of course work and/or post-baccalaureate precepted clinical hours gained prior to admission to the program.
